

Welcome to ESPRIT 2013  
From the Chairwoman, Suzanne Adams

Welcome back if you have attended before. You already know that this event is a fun filled, life changing, magical adventure where you get to live in the gender of your choice for a week; along with over a hundred people just like you.

If this is your first time, you are in for the week of your life. All of your imagination, all of your hopes and all of your past practical experience will be experienced in an event packed week that will leave you wishing for time to slow down so you can live this week forever.

Esprit recognizes spouses and significant others of our TG sisters and weaves a program around their presence. This convention also prioritizes events for the first time attendees like no other convention in the world.

So if you are experiencing Esprit for the first time, or returning for the 24<sup>th</sup> year of this event, I welcome you to one of the most enchanting events of your life experiences.

See you there!
